# FARAWAY, SO CLOSE\*

Itinerary to Oostende

From Brussels: straight ahead.

From Antwerp: straight ahead.

From Ghent: straight ahead

From...

In case you haven't noticed: always drive straight ahead and you will automatically end up in Oostende. The E40 motorway is literally the shortest way to the sea. It is not surprising that an increasing number of companies are organising their meetings, conferences or incentives in Oostende. For they have discovered that our City by the Sea has everything it needs to be able to accommodate professionals and companies under the best possible circumstances.

On top of that, the road to Oostende is traffic jam free, and thus stress free!

We are looking forward to your company already.

And to your personal company as well!

For foreign business relations it is equally easy to reach Oostende, either by train (railway station in the city centre) or by plane (Oostende airport).
